

Hi my name is Freddie and I am in year 8.

Firstly, I wanted to say in the coming months we had so many great things planned that have had to be cancelled, but please don't worry - all your transition activities will happen when we come back, look out for the letters and emails sent home.

I would like to tell you about all the good things that we do at Hornchurch High School and why I like it here. I like Hornchurch High School because every child is treated equally and all of the staff are caring and want you to do the best that you can.

I also like all of our facilities from all the trampolines to the fun building projects in art. Here is a list of some of the facilities you will be able to use to extend your knowledge: computer labs, Art rooms, tennis courts, football pitches, trampolines, science laboratories and a brand new library but my favourite is the Music area and my music teacher as we get to play different instruments and it makes me want to learn piano.

School Life

We have set rules at Hornchurch High, such as quiet transition in corridors but this makes the school a much calmer and friendly place for everyone.

All lessons are an hour, and you have form time every day and an assembly once a week with your year group and Head of Year. During form time, you do several activities throughout the week, such as a quiz, a literacy task, word of the week and others, all on a rotational basis. Tutors and your Head of Year also use one form time slot a week to check Knowledge Organisers - something which is there to help aid you to revise and prepare for each half-term and continue consolidating your learning as you progress through each year.

Thank you for reading - I look forward to seeing you soon,

Freddie
